Amarillo SPCA Individual PET Adoption Form - page 2 of 2

Adoption Fee: \$ 85.00	Date:	SPCA Tag #	Microchip #:
Cash / Check #	DOG / CAT		

In order to be considered for an adoption today, you must: Be at least 18 years old, have current verifiable picture identification and understand that the Amarillo SPCA reserves the right to deny the adoption of any pet for any reason.

ADOPTION TERMS: Please consider these important factors before making a final decision to adopt from our shelter. If you decide to adopt an animal and agree to these terms after reading the following, then please **INITIAL** in the last column next to each term that you understand and agree to them.

The required adoption fee for all animals is \$ 85.00. **THIS FEE IS NON-REFUNDABLE.** This includes spay/neuter or a spay/neuter voucher, rabies immunization, a collar and tags. A \$ 20.00 discount is offered off the total when two animals are adopted together. Any other immunizations that are required after adoption (other than the rabies) are the responsibility of the owner (adopter).

If this pet does not remain in the adopter's household, then the Amarillo SPCA will be contacted (806-622-0555) and the animal (along with all adoption paperwork received) will be returned **ONLY** to the Amarillo SPCA - NOT to any Animal Control or any other shelter or animal organization. If this pet is lost, please contact the Amarillo SPCA so that we are aware of it and can attempt to help in the search.

The Amarillo SPCA cannot guarantee the health of any animal available for adoption. Many of the animals we place in homes were either strays or were unwanted by their previous owners. They may have received little or no routine health care, and their medical histories are unknown. Our staff makes every effort to determine the health status of the animals before they are put up for adoption, but we are not always aware of current medical problems and cannot predict future ones.

Please consider the initial costs for a newly adopted pet. These costs may include any or all of the following: adoption fee, pet deposit, food, feeding utensils, grooming, litter box, toys, a bed, veterinary examination, additional vaccinations, testing for diseases and diagnosis and treatment of any other existing medical conditions. These costs may be \$200 to \$400 or more within the week after adoption.

The Amarillo SPCA cannot predict the behavior of an animal once it has left their care or how it will react around other people, children, or pets and assumes no liability for any injuries which may occur to persons or damage to property once a pet is adopted.

Any animal adopted from the Amarillo SPCA may **NOT** become the subject of medical or any other type of experimentation.

Texas State Law requires that any animal being adopted from a shelter be sterilized under Chapter 828 of the State Health and Safety Code. Animals that are not sterilized at the time of adoption will be sent home with a Spay/Neuter voucher, a list of local veterinarians that will honor this voucher, and a "due date" by which the animal must be sterilized. This is the sole responsibility of the adopter of the animal. The Amarillo SPCA strictly enforces the terms of the Sterilization Agreement and failure to comply is a criminal offense punishable as a Class C misdemeanor resulting in a \$500.00 fine and the reclamation of the animal from the owner by the Amarillo SPCA.

I, _____ (printed name of adopter) certify that all of the above is true and that false information may result in nullifying this adoption. I have read the conditions on this page and agree to all of them.
